## Leopard Catamaran 58

Leopard Catamarans is excited to introduce the new flagship of the Leopard line, the all new Leopard 58. Expertly crafted by world renowned Robertson and Caine, the Leopard 58 stays true to Leopard Catamarans sleek and innovative style. Leopard 58 features a unique forward cockpit. Another intriguing feature of the Leopard 58 is the expansive flybridge with seating for up to 12 people.

The flybridge, the aft deck and forward cockpit are all covered in composite teak decking, a light weight high impact simulated teak. The large open aft deck offers ample space for alfresco dining or lounging. On the flybridge, a centrally positioned helm station is covered by a hardtop bimini and offers excellent visibility on all corners of the yacht for ease of maneuvering. Complete with wrap around seating for 8, a wet bar, BBQ, cooler, and drink holders, the flybridge is the perfect place to take in the scenery.
